## FIND CARD ACTIVITY:

- Partner with another (someone you don't know).
- Teams look at the exhibition and write a "Find Card."

Find Cards begin with a prompt (Find ....) and then asks a question.

- Place your card with the other cards.
- Your team selects another team's card.
- Find a work to which the card directs attention.
- Discuss the question posed on the Find Card.

## Consider Gender Identity in Writing Your Find Card

What is gender identity?

How does gender identity influence your day?

What gender identity is valued?

What are fears about gender identity?

How are socially-prescribed gender roles taught?

## FIND CARD EXAMPLES:

- Find an artwork about power and vulnerability. How does the work convey these ideas and with what impact?
- Find an artwork that makes you feel empowered. Why does it make you feel this way? Do you think others would feel empowered by this too?
